The NWPA NTMA Education Foundation's grant program is powered by generous donations from area businesses including; NuTec Tooling Systems, First National Bank, CJ Industries, and JBM Technologies. We cannot thank them enough for their continued support.

We also appreciate your commitment to enhance the education of students participating in technology education programs. We look forward to updates on implementation of the new equipment/software that will better prepare students for today's workforce.

Sincerely,

Mr. Mark Smith  
Grant Project Chairman  
NWPA NTMA Education Foundation
